SERGIO ARAGONES MARGINALS XL

When Sergio Aragones brings his cartoons into the office, we shrink them down and run them as "marginals." It sounds strange, but we shrink down everything he brings in. Coffee cake? Shrunk down. Souvenir snow globe? Shrunk down. But since Sergio is getting annoyed at this shabby treatment, we hope to appease him with these captivating, full-sized "marginals." In our defense, though, the coffee cake was no great shakes.
